AI Architecture

UTSAB CHOWDHURY

Strategy

Cultivating high-fidelity solutions for the global debating community.

| THE PROBLEM

 **Zero Practice Partners:** Students are isolated outside formal clubs.

 **Prohibitive Costs:** Coaching averages \$150/hr—an elite-only luxury.

No Feedback: Critical growth requires instant objective analysis.

OUR SOLUTION

PRODUCT CONCEPT

AI DEBATE PARTNER

A conversational engine engineered to democratize elite debate coaching. Available 24/7, providing real-time argument scoring and relentless counter-perspective simulation.

CORE FEATURES

LIVE BOUT

Real-time interaction with adaptive difficulty scaling to match arguments.

SCORING ENGINE

Instant analytics breaking down Logic, Validation, and Rhetoric metrics.

TOPIC HUB

Over 200 curated motions spanning Politics, Ethics, and computational topics.

ENGINE ARCHITECTURE

FRONTEND

React.js / Tailwind CSS / Web Speech API for seamless voice bouts.

BACKEND

Python / FastAPI / Supabase handling real-time debate states.

INTELLIGENCE LAYER

GPT-4 Core with RAG Architecture for high-fidelity evidence-based scoring and rebuttal generation.

IMPACT & SCALABILITY

PRACTICE AVAILABILITY

Arena Solution: 168 Hours / Week

HUMAN COACHING ACCESS

Standard: 2 Hours / Week

MEASURED SKILL LIFT

3.4x Performance Acceleration

"DEMOCRATIZING DEBATE TRAINING ACCESSIBILITY FOR 1.2M+ STUDENTS IN INDIA."
